# About the harpist
## *Fenna*

Music has always been a big part of my life. From a young age, my talent was noticed and I was admitted to the Young Talent Class at my music school. I later studied at Conservatorium Maastricht with harpist Masumi Nagasawa, where I continued to develop my musicality and my own style.

Over the years, I have had the opportunity to perform at many different occasions, from weddings and destination weddings to events for Bentley luxury cars and recordings for Videoland's The Real Housewives. I regularly perform in the Netherlands and Belgium, as well as at special locations abroad.

For me, every occasion is different. I take the time to understand the atmosphere you are looking for and choose music that fits your moment or help you to choose the music.

Whether you want something romantic and intimate or a song that has a special meaning to you, I make the music personal.

I also love creating custom arrangements of songs that are meaningful to you. This means you can hear your favourite song, a song you walked down the aisle to, or a special song that brings back a memory beautifully arranged for harp.

My goal is not simply to play music, but to add something memorable to your occasion and create an atmosphere that you and your guests will remember.
